MODELLA, Mr Blanne's Letter

ands letter of an or, trend in it voice let in isterly lender-It fifly crowns the work of the Naentition will moder be and lost in still be their name and of some of the phillie Vocable in the CL Vic Blump Leads every country. It will also be the cross satisfies in a full and discough man tary to which the American' public flavor. The

gh-water mark of American statesmingto ward be difficult to sage if by h singular candor, Lowhere shrinking conductive to the general welfare. It presents a tapequal r, and nowhere swerying an his own known opinions to court the try, in ellecting from countained elizen of his hawful vote stip fiberty

strictly revenue standard. To the Month of the popular Railway Routes.

In ke of phrase, and makes directly son polley which the opposition of the path. This was upver of an epianee, published that his in the care of princetton can name the loquidity and paths and support the logue of the case, and an epianee, published that manage of the case, and an epianee, published that manage is characteristic of the manage of the case, and an entire of the case, and whether his angainent to be ment to convince them that hat had be offered to send the case, and whether his angainent to be ment to convince them that hat had be deeped to send the case.

Strictly revenue standard. To the Month the opposition of the beginning the case of princetton can name the logical and paths and paths and can be offered to send the case of princetton and transferred free of charge by all articless powerful that can be offered to send the case of princetton and the content of the country wighted with application consection.

The unparalleled prosperity of the country during the era of protection, as shown by the increase of property, is the best possible argument that can be offered to send the country of the countr these and whether his argument in be men to convince them that that polley is used to tarrils, foreign or domestic time. Seek for the country at large. Mr. Blatine's error productive industry, foreign quality are the civil service, it moves we make a fine to convince them to convince that the facts furnished by the census reports sweeps away the stry assumptions. he point, and never loses itse I in the subs of the Perry-Sumner and English school ringe which so often clouds the land assumptionists, who hold that statistics and experience have no place in the confor their suffrages !

very where throughout the paper that only will recognize the emilient states trine of protection are the most convincion and the frank and featless public ing that have ever been presented. He come who not only has convertible, but proves that every branch of highestry and the utino-trounge of them. The letter department of enterprise except a single is in facin marking out of the complication, has been stimulated by the policy of protection, and that one, the freely-carried extention to the complication of the policy of protection, and that one, the freely-carried extention to the complete extension of the complete extens alge that the bold outline is delineated by

thin. If Mr Haine were not already ogulæd us one of the most pecompilalia masters of the language note livings bis letter would easily source his rook in ast regard. The chief merit of the letter,

the American people to a renfizing sense the American people to a rendzing sense of the fact that their industrial, commercial and financial future; their progress, and their prosperity, are all at stake in this industrial. A Bialno and Logan Irish club has been matest. Its atterances after the trained rege of the Nation aginars, and anonomies of the Nation of the Nation of Science of the Nation of Science of the Nation of Science of the National Sci broughout will commend it still further nounced Mr. Blaine's, letter a great state to the approval of every citizen who has

faith in the American destiny. Republican success in this contest will bring to the chair of Washington a man a bo can fill it. [Proridence Press]

which is given to the public to-day, is a pith of the matter: musterly production, worthy the great and American from blygining to end, as it does working people."

trom one of the rules thoroughly American Richard Powers, President Scamen's Richard Powers, President Scamen's union—"Nine out of every ten Irish workduced. Dealing spit does with all the men whem I have met are talking Blaine."

feet the future of the Nation invorably or untavorably for a long series of years, "the dontains not one delibers of equiviseal expression of opinion. It is a straightfor
loo—"Cleveland cannot be elected. The ard, manly document, and fixes the position of his writer apon all the great issues of the day so that the dallest intellect cannot full fully to comprehend it.

he political literature of this country, tills a great state paper (Lowel Courter.) Mr Blade's letter, which we give in full

Mr Blate's letter which we give in full George Schilling, active worker among elsewhere, is the compalga document of Trades Unions—"So far as I have observed the season. We do not now deal with its things in the shops, the feeling is pretty several propositions builties ask our read-ers to examine it, and say; each or him-These are samples of many crs to example it, and say; eich for himsolf, where he doubt improve this exposition of Republican principles. These
petry squar who seem to think that Mr.
Billing should have occupied his time in defending imposel from their unformulated
personal assumits complain that the letter
is decated to doctrines. The principles of March was held out in Columbus, Ohlo, Saturday
inght. 'A letter was read from Cen. Drulis decated to doctrines.' The principles of March who said in effect that the Dem-

so called "independent" opposition to Mr.

Blaine to and ground dur chief importing centres, has its origin in the fact that the militee from Maine, another fecture Mr. leading "independents" are free truders, Wilson's reported as saying, in connection

It is admirable instyle, hold and frank in statement, broad in its views, hunsterly in the grasp which it sikes of public affulrs, the ablest and most statesmanlike party on hopegothic ground it contry by a candidate for the high office at that dry not which seems to have affected on the distinct of the campaign of President of the United States. We note that dry not which seems to have affected some of the distinct of party of policy large and some of the independent processor of and some of the independent processor of the campaign of policy has that and other collegeously study his letter on the party does not die of that dry not which seems to have affected some of its annihul leaders. We have no doubt that the Democracy will have a substitution of public policy has that and other collegeously study his letter of the party does not die of that dry not which seems to have affected some of its annihul leaders. We have no doubt that the Democracy will have a which is the party does not die of that dry not which seems to have affected some of its annihul leaders. We have ad Convention, and puts the other and paper over offered to the people of this or red i nour dan. It is state smanlike, ber with profit gathering therefrom greater es grasp, elevated in its sore, mand in knowledge of the condity, which they lead ones. Obove all, it is substantly American and in the statements, so clear anonous distribution of distributions and represent that the specific of a true. American policy at the statements of the statements of the statements of the statement o Once all, it is supermely Anters than they have yet reached And yet hel-

and he heaves no joint in his hanges been treated in rejent genry a her the arrows of the opposition [Providence January]] The letter of acceptance of Mr. Blaine will be perused with a stricter scrutling for his constrained the foremest man and a deeper interest than is ordinarily ne-the man. It, reaches and passes the corded to what is usually a merely formal utterance. It is distinct, it is compile hensive, it is American in tone and it is dricks, except a brief blographical sketch

aent in the long and generals history moderate in expression and doctrine. An and to the long and great these these administration based upon and carrying terry great of the letter, bould be also, of profound and said resoning. Yet safe, distilled and particule. It touches the ter, as a Regulatilean who has zone out the Converse, with a Nathon's highest people of the United States, and, as to each "against Bladne," the Argus units to state the Converse, with a Nathon's highest people of the United States, and, as to each "against Bladne," the Argus units to state the scales have not conversed to the Converse of the Converse of the States and the scales have not converse of the States and the scales of the States of the St ally conversed with a Nation's rights; people of the United States, and, as to each cause of strong counting that in midst and all it is in according to the conservation and if the abilding and compain that M. Haive has doubt all great majority of cause of conservation and the people as to what is right, best, must cast his vote for Harris M. Plaisted.

of any. Mr. Blain treats every our - matter in urging upon the intention of one ! rearmostly and yet as calledy as it be and all the hollsputable truth that he who on person d interest at stake. He the courage strikes at the very root subt what it may, this education in all of free government; and it might be addaly bondered a lasting benefit apon the edited they who subjutty deprive the

Summer which would have done hoods to the Olimpian Lorentz to acceptance Mr. Blatine for coming generations, and which will consent the Nation in the estimation of the make the campaign. The tariff question is used the Nation in the estimation of the make the campaign. The tariff question is the national content of the make the campaign. twise-t and hest men of other lands. To not is made the most prominent of any Issue, then Nather on earth could all address of. This could hardly be otherwise, for the the Mather one errit could all address of this could hardly before the Mather of the Mather of the Mather of the Mather of the policy of the party in the country is to bring the process the Mather of the Mather o

sideration of economic questions. The arguments which Mr. Blaine draws from the public statistics to support the disrying trade, has languished because it has been neglected. Even our foreign com-

merce has grown during the past twenty years as it never increased before. Senator Logan's letter of acceptance it is

said will be made public Wednesday. Secretary Chandler, Rays the Boston Trateller, was critically the Democratic newspapers for making contracts for the newsp

ontest. Its atterances attest the Indian formed in New York city and arrange-interance, amply equipped with a Lucus-interance formed in New York city and arrange-intert made for a rousing ratification meetnient made for a rousing ratification meet-ing. The breach in the Democratic muka

The Labor Drift.

The Chicago Tribune has interviewed the lenders of labor organizations at Chica go, and finds a remarkable unanimity of The letter of acceptance of Mr. Blaine, opinion. The following sentences give the

Charles Tixon, Past Master Knights of patriotic statesman who wrote it, It is Labor-"Cleveland will certainly not re American from biginning to end, as it believ the votes of the majority of the

great questions involved in the present Thomas H. Ling Master Workmen presidential camprign, "whose settle Pulluters' Assumbly—"The Democratic ment," as Mr. Blaige truly says, "many at-party, in nominating Cleveland, lost 3,000 voters among the trades-unionists in Chi-

on-"Cleveland cannot be elected. The organized labor of the country will upt upport him. In the shop where I work are thirty-two men, four of whom are Be-publicans. Of the thirty-two justiwe will vote for Cleveland."

As an againent on the great issues of [4, 35, Murphy, President Tanners and the presed computing, Mr. Blaine's letter Curriers Union-We did not have twenis unanswerable, sull as a clear statement ty-five Republicans in our union. I have of those attributed the stions, has not its circulated extensively among our memhers. Not only they but all the friends over whom they have any influence will east their vutes for Blaine."

These are samples of many sistements from men of the same class, most of whom

represent both the man'and the party occurs had committed a monuted they are splid political gold. der in nominating Claveland, whose friends secured for him the first place on the Mr. Blaine very properly puts the turing ticket contrary to the popular will of the question in the foot. His graphic presentation of the value of protection to this hands and the only thing that remains is to hands and the only thing that remains is to country will be riad with deep interest, try and elect him. What an enthysiastid and will carry conviction to multitudes. In campaign the Democrats will have in Ohio

leading "independently are free traders, with the computer as saying, in connection and that they regard Mr. Blaif e at the with the computer, that "there will be a representative protection statesman, that part of the letter of acceptance is specially if joint know what we [the committee] thanks. digimently denounces the idea that there will be any lack of money to aid the Demouracy in this State, and shouts: "There ard Democrats enough throughout the State, who belong to the present generfor the party to at down on Mr. Bass ingilin, as he seems to have forgotten his recent rebuke.

> We publish on the first page a strong letter written by Mr. Edwin Mend, an Independent, correcting, some glaring misstatements in the Nition concerning Mr.

Commercial presents another strong (?) reason why Mr. Bisine should be defeated. He is a temperance man.
